

Conference Organization

The “SE Europe Energy Dialogue” international meeting is being organized by the Institute of Energy for South East Europe (IENE). The Institute is an Athens based non-governmental and nonprofit organization whose main task is to provide a platform for independent dialogue and analysis on key energy issues. One of IENE’s main objectives is to participate and assist in the formulation of energy policies, both at a national and international level, within the broader SE Europe region.

IENE reserves the right to alter the programme without notice including the substitution, alteration or cancellation of speakers and/or topics and/or alteration of the dates of the event.

For further information on IENE and its activities please visit www.iene.gr
