

## Conference Organization

The “SE Europe Energy Dialogue” international meeting is being organized by the Institute of Energy for South East Europe (IENE). The Institute is an Athens based non-governmental and nonprofit organization whose main task is to provide a platform for independent dialogue and analysis on key energy issues in SE Europe. One of IENE’s main objectives is to participate and assist in the formulation of energy policies, both at a national and international level, within the broader SE Europe region.

IENE reserves the right to alter the programme without notice including the substitution, alteration or cancellation of speakers and/or topics and/or alteration of the dates of the event.
